# Indigenous Archaeological Monitoring

**Hiring organization**
Métis District 11

**Employment Type**
Volunteer with Gift

**Date posted**
February 22, 2026

## Description

The Indigenous Monitoring Program provides indigenous communities with access to sites where construction project excavations take place on major projects in Alberta. Even the simplest of projects can unearth important parts of history that require a respectful approach to honouring the past and moving forward in a spirit of reconciliation and collaboration.

## Qualifications

Must be a member of Métis District 11

## Contacts

Contact Métis District 11 for more information about monitoring opportunities.
