Labourer 2 (Water Services Labour and Logistics)

Description

About us

Department Description EPCOR Water Services provides water treatment and delivery and wastewater collection and treatment to Edmonton residents and water service to regional customers. The planning, building, operating and maintenance of the plants, reservoirs, pipes, tunnels, pump stations and stormwater management facilities is facilitated by more than 1300 employees working on all aspects of the water cycle. If you're looking for new opportunities, people who care and work that matters, apply today at epcor.com/careers.

Highlights of the job

Join Our Team: Labourer 2 – EPCOR Water Services

EPCOR Water Services (EWS) is hiring for up to five (5) full-time, temporary Labourer 2 positions to support our Linear Asset Services team based out of the Aurum site in Edmonton, AB. These roles are for a term of up to 24 months, offering a great opportunity to gain hands-on experience in essential water and wastewater infrastructure work.

As a Labourer 2, you'll play a key role in the construction, repair, maintenance, operations, and treatment of water and wastewater systems across EPCOR departments. If you're someone who thrives in a physically active role, enjoys working outdoors in all weather conditions, and is ready to contribute to vital community services – this could be the perfect fit.

What We're Looking For:

- Self-motivated and reliable individuals
- Previous labourer experience for a large utility or in construction
- Comfortable working on a variety of assignments with different teams
- Able to travel to various sites within and around Edmonton

Who Can Apply: This opportunity is open to both internal and external applicants.

🔗 EPCOR employees: Please apply using your "@epcor.com" email address to ensure your seniority is recognized.

Key Accountabilities – Labourer 2

The key responsibilities of the Labourer 2 role include, but are not limited to:

- Safety Leadership and Compliance
 - Prioritize safety and actively contribute to a "zero injury" culture.
 - Demonstrate high safety awareness and consistently follow safe work practices.
 - Perform all duties in accordance with safety and environmental standards, adhering to Federal, Provincial, EPCOR, and departmental regulations, policies, and procedures.

- Operational Support
 - Assist with the installation, replacement, and maintenance of water and wastewater collection infrastructure.
 - Support video inspection and proactive flushing of wastewater collection systems.
 - Perform ground disturbance activities, including the installation of protective shoring and shielding.
 - Participate in confined space entries, including access to deep shafts and tunnels.
- Equipment and Tool Use
 - Operate a variety of tools and equipment, such as power saws, jackhammers, picks, shovels, compressors, air tools, grinders, and drills.
 - Drive and operate large vehicles and pull trailers in an urban or highway environment.
- Traffic and Material Handling
 - Install and remove temporary traffic control barricades and perform flagging duties in high-volume traffic areas.
 - Deliver materials and equipment across various City of Edmonton locations.
- Facility Maintenance
 - Carry out utility and maintenance labourer tasks within a treatment plant environment.

What's Required to Be Successful

To thrive in the Labourer 2 role, candidates should meet the following qualifications and demonstrate the following attributes:

Qualifications & Experience

- High School Diploma (Grade 12), GED, or equivalent secondary education
 - transcripts may be required at time of interview
- Minimum of 1 year of related labour experience.
- Knowledge and experience in water and wastewater infrastructure construction is considered an asset.
- Familiarity with hazards and safety controls in the water, wastewater and construction industry is considered an asset.
- Licensing requirements:
 - Valid Class 5 Alberta Driver's License is required
 - Class 3Q License is preferred
 - Class 1 is considered an asset
 - 6 or fewer demerits
 - Ability to qualify for and maintain an EPCOR driver's permit
 - A 5-year Commercial Driver Abstract (less than 30 days old) be required if one is not currently on file.
 - Past infractions for unsafe driving may result in non-selection regardless of demerits on file
 - Reliable transportation to and from various job sites and EPCOR facilities.

Physical Requirements

- Ability to work outdoors in all weather conditions.
- Capable of meeting the physical demands of the role, including:
 - Regular lifting and carrying of items up to 22 kg (50 lbs.).
 - Performing strenuous physical tasks inherent to the position.

- Due to the nature of the role, you will be required (depending on the job) to wear a full mask and SCBA for several hours at a time and maintain facial hair to allow for mask seal and fit testing.

Additional Requirements

- Completion of pre-offer employment testing is a mandatory component of the recruitment and selection process. Candidates who progress in the hiring process will be required to participate
- Successful completion of the Labourer 2 Competency Passport within 6 months or hire.
- Pre-placement medical, drug, and alcohol testing may be required

Skills & Attributes

- Strong verbal and written communication skills.
- Effective interpersonal skills and the ability to work collaboratively within a team.
- Demonstrated commitment to safety and the ability to work independently in a fast-paced and occasionally high-pressure environment.
- Mechanical aptitude with sound analytical and problem-solving skills.
- Proactive, adaptable to change, and focused on continuous improvement for both personal and team development.
- Comfortable using smartphones and various apps and software such as MS TEAMS and Outlook

Please note the following information:

- A requirement of working for EPCOR is that you are at least 18 years of age, successfully attained a high school diploma (GED, or equivalent level of secondary education) and legally entitled to work in Canada. (A copy of a valid work permit may be required.)
- If you are considered for the position, clearance on all applicable background checks (which may include criminal, identity, educational, and/or credit) and professional reference checks is required. Some EPCOR positions require an enhanced level of background assessment, which is dictated by law. These positions require advanced criminal record checks that must also be conducted from time to time after commencement of employment.

- A technical/practical assessment may be administered during the selection process and this exercise will be used as a part of the selection criterion.
- To meet the physical demands required of some positions, candidates must be in good physical condition and willing to work in all weather conditions. Clearance on pre-placement medical and drug and alcohol testing may be required.
- Prior infractions for unsafe driving behaviours will be evaluated and considered for non-selection regardless of current demerits on file.
- The results of this competition may be used to fill similar vacant positions for up to six (6) months.
